

# Musical Theatre Afterschool Programs

**Making performing arts accessible to  
create connection and community**

**Queen**  
founder & instructor

**Queen's Academy** supports and engages children in  
developing life skills through fun performing arts programs.

I believe **all kids** deserve the opportunity  
to enrich their lives through the arts.

That's why my program is more **affordable**  
compared to local competitors, to make  
classes more **accessible**.

## Child Benefits

Musical Theatre **supports children**  
**developing skills** that set them up for life

- Physical Literacy
- Mental Health
- Social Emotional Learning
- Confidence
- Teamwork & Social Skills
- Public Speaking
- Kinesthetic Learning & Concentration
- Flexibility & Improvisation
- Friendship

In our Afterschool program students sing, dance, play  
games using our imagination, create stories, become  
animals and **perform** for parents on the last class!
